

The Big Ice in Greenland is melting - climate change is a reality. Now is the time to look within to Melt the Ice in the Heart of Man. Only by Melting the Ice in the Heart of Man does Man have a chance to change and begin to use his vast knowledge wisely.

Angaangaq Angakkorsuaq is an Eskimo-Kalaallit Elder whose family belongs to the traditional healers of Greenland, the country which has never known war. His work has taken him to five continents and over 40 countries around the world. As a traditional healer, storyteller and carrier of a Qilaut (drum) he conducts Healing Circles, Intensives and Sweat Lodges integrating the unwritten healing traditions and wisdom of the Eskimo-Kallallit.

Coming Home

Greenland - July 2010

- **Vision Quest**
 - **Shamanic Spiritual Walk**
 - **Gathering with Elders**
- with Angaangaq Angakkorsuaq

Welcome to the Top of the World!

2009

In the summer of 2009 in Greenland an ancient prophecy was fulfilled. The Sacred Fire has returned to the Top of the World. People from different cultures around the globe came to the Far North. They were part of the ceremonies and brought the messages of their nations.

A net of fires burning simultaneously distributed across the continents and connecting us with all the people who could not be there on the spot.

We all have witnessed the onset of a new era.

A beginning has been made. Some of the fires do burn even today, again and again new ones be ignited. The ice in the hearts of men is melting.

Aasivik - The Ancient Gathering Place

Through these ceremonies, an ancient gathering and ceremonial area has once again found its purpose.

The almost untouched nature of this patch of earth breathes a thousand year old history. The Spirits of this land and his ancestors are very much present. The ground we walk on, is the oldest in the world. The ice is alive and contains in itself evidence of human history.

People who live in this country and people from all over the world have come here since the Sacred Fire Ceremony. They visit this place in their free time to spend time with their family and their ancestors. Some celebrate their ceremonies there like in old times.

2010

In this powerful and healthful place, we offer to all in July 2010 the opportunity to make your own profound experiences:

As a participant in a **shamanic vision quest**, you spend four days and nights fasting and in silence. As far as the eye reaches, you're surrounded by the creation. Being alone forces you to make your way home to your heart.

As the participant in a **shamanic spiritual walk**, you and others will walk in silence past an historical settlement and then around Long Lake on hills and plains. The close encounter with natural forces helps you on your way to your Self.

Both experiences are each rounded off with a sweat lodge ceremony.

Side by side in a **circle with elders** of Greenland you can experience the tremendous wisdom of a culture that has never known war. The elders will celebrate their ceremonies together with the participants.

Finally, you experience the magnificent nature on a hike to the Big Ice and field trips to local historic settlements. You'll get your own impression of what climate change means.
